PROFESSIONAL SUMMARY

Full Stack Developer with one year of practical experience in developing web applications using **React.js, Node.js, Express.js, and MySQL**. Experienced in developing user-friendly UIs, building RESTful APIs, connecting the front end with the back end, and managing MySQL databases. Familiar with authentication, CRUD operations, API integration, and Git/GitHub for version control. Passionate about problem-solving, coding, and learning new technologies. Seeking a position where I can utilize my skills and knowledge as a **Full Stack Developer** and contribute to building efficient, scalable, and user-friendly web applications.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frontend: React.js, Next.js (Basic), Bootstrap, Material UI

Backend: Node.js, Express.js

Database: MySQL

API & Authentication: REST APIs, JWT Authentication, Role-Based Access Control

Tools: Git, GitHub, Postman, VS Code, npm, Render

Core Competencies: Responsive Design, CRUD Operations, API Integration, MVC Architecture, Debugging, Performance Optimization

EXPERIENCE

Feb 2023 - Feb 2024	Full Stack developer National Software Developers Duration: 12 months built web apps using React.js, Node.js and MySQL. Built secure RESTful API using Express.js. Used JWT for authentication and authorization. Optimized queries in databases for improved performance. Worked with other developers using Git and Github.
---------------------	--

CAREER OBJECTIVE

In order to contribute as a Full Stack Developer through developing scalable and user-friendly web applications with modern web technologies. I am committed to writing efficient and maintainable code while ensuring that solutions developed will be valuable to the users and the business. I will always remain dedicated to learning and keeping myself

updated on the latest trends in the industry in order to develop my skills. I am particularly interested in teamwork, problem-solving, and producing high-value software solutions.

PROJECTS

E-commerce Web Application

Created a full-stack e-commerce web application using full Stack (MySQL, Express.js, React.js, and Node.js)

Student Management System

Built SMS using React.js

Personal Portfolio

Developed a personal portfolio website to highlight my technical knowledge, experience, and software development projects using React.js.

SOFT SKILLS

Problem Solving

Team Collaboration

Communication

Time Management

Adaptability

Quick Learning

Attention to Detail
